

Jefferson County Association of REALTORS® Affiliate Membership

An Affiliate Member is used to describe the many professionals who work in real estate support services, and choose to join the Jefferson County Association of REALTORS®. They include owners and employees of many local businesses.

Affiliate Members of the Board include many industry leaders in their respected fields. Besides working full time in their careers, they also dedicate countless hours of behind the scenes volunteer committee work for JCAR, and many community service projects.

The Affiliate membership provides invaluable networking opportunities within this community. Our Affiliate members are encouraged to participate in committee meetings, special events, and community service initiatives where they show their support for the association and build meaningful relationships with its members.

Affiliates also work closely with REALTORS® to enhance private property rights, zoning, and planning procedures. At times, they even promote continuing education classes for REALTORS®.

The Jefferson County Association of REALTORS® is a group of dedicated professionals committed to enhancing the ability and opportunity of our members to conduct their business successfully and ethically, and to promoting the preservation of the right to own, transfer, and use real property. Numbering approximately 200 REALTORS® and Affiliates, we rely upon the volunteer efforts of our members to make our Association an effective voice for our profession in the local community. Through our partnership with the NWMLS organization, we pool our resources to provide the widest possible dissemination of market information to potential buyers.

By joining the Jefferson County Association of REALTORS®, members automatically become affiliated with the Washington Association of REALTORS®. A large portion of our annual dues go directly to support the state and national organizations which, in turn, provide our profession with a powerful voice in legislative and public policy matters and in establishing educational, licensing, and ethical standards for the benefit of all REALTORS® and affiliates.
